ROLL SNC - Via Don Capiaghi 9 - Bregnano (Como) - Italy

We are the **specialists**  
for **packaging, storage and transport solutions for**  
**industrial heavy rolls/reels.**

We design easy and innovative solutions, giving new life  
to recycled materials and solutions for intensive use.

**Concrete Circular Economy!**

Thanks our long experience and knowledge of this market  
our Team supports you to find the best solutions.

We are located in Italy (Milan area)  
and **we sell all over the world.**

ROLL...Experts for Roll Storage

**Contact us!**

We guarantee an answer in 24 hours

*Siamo gli specialisti per soluzioni per l'imballo, lo stoccaggio e il trasporto  
di rotoli e bobine pesanti a livello industriale.*

*Realizziamo soluzioni facili ma innovative, dando nuova vita a materiali  
riciclati e progettando soluzioni destinate a un uso intensivo.  
Per un'economia circolare concreta!*

*Grazie alla nostra lunga esperienza e conoscenza del settore il nostro Team  
vi supporta per trovare le migliori soluzioni.*

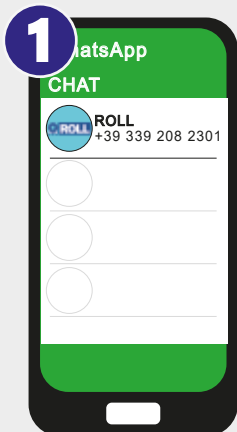

*Dall'Italia (area di Milano) vendiamo in tutto il mondo.  
ROLL. Gli esperti per le stoccaggio Bobine  
Contattaci! Garantiamo la risposta in 24h*

HA 160-75

HA 210-110  
HA 160-110

International Patent Pending

# RECYCLO

## CORE STRIPPER MACHINE

a partnership with

**A new machine with small dimensions, very easy to use that allows to separate the material from the cores from the end rolls.**

**In this way the wrapped material (plastic, paper or flexible materials) can be easily recycled and enhanced, while the spindle can be reused and disposed of separately.**

**The machine makes recycling and reuse easy with a view to a concrete circular economy.**

*Una macchina dalle dimensioni ridotte, facilissima da usare che permette di separare nei fine bobina il materiale dal mandrino.*

*In questo modo il materiale avvolto (plastica, carta o materiali flessibili) può essere facilmente riciclato e valorizzato, mentre il mandrino può essere riutilizzato e smaltito separatamente.*

*La macchina rende facile il riciclo e riutilizzo nell'ottica di una economia circolare concreta.*

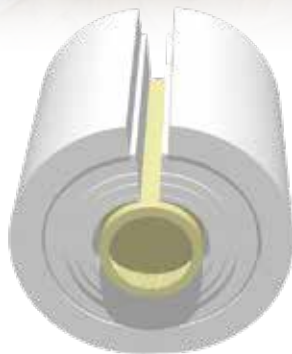

### PLASTIC FILM

end roll

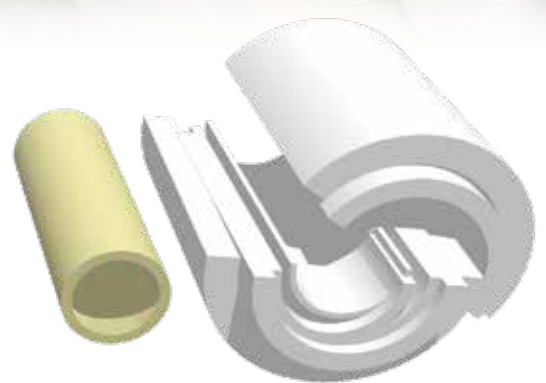

### PAPER

end roll

### ALUMINUM or COATED FILM

end roll

#### TECHNICAL DATA SHEET

Minimum Core Diameter (mm)	76 mm / 3"
Max Core Diameter (mm)	304 mm / 12"
Max Roll External Diameter (mm)	600 mm
Max Material Thickness to be Removed	100 mm
Max Roll Length (mm)	1500* mm/ 2500** mm
Max Roll Weight (Kg)	150 Kg
Roll Loading	Manual
Roll Unloading	Manual
Material Unloading	By Removable Carriage
Machine Length (mm)	2644 (mm)
Machine Width (mm)	824 (mm)
Machine Height (mm)	1552 (mm)
Machine Weight (Kg)	680(Kg)
Installed Power (kW)	0.8 (kW)
HMI	Asem Touch screen 7" router VPN integrated optional
PLC	Panasonic
